COVID-19 Webinars

Arizona Department of Health Services (ADHS) hosted several webinars from 3/4/2020-3/6/2020. We will post the slides, handouts and recordings from these webinars on the COVID-19 website, when available. **The webinars have a 1,000 person capacity and are on a first come first serve basis**. Once the capacity is reached, you will not be allowed into the webinar.

ADHS will be hosting three additional webinars on March 11 and March 13, 2020. Participants can submit questions to ADHS in advance to this form, here. We can work to address these questions during the webinar or on our website. There will also be a Q&A session available during the call. Due to the high influx of questions, the ADHS COVID-19 Response Team may not be able to respond to your question directly.
